Are you excited about the year ahead?

We have just had our Presidents' Dinner. What an incredible turnout! From all of the feedback I have had, sounds like everyone had a great time!

We tried something new – 2 venues at the same time, linked by zoom projected onto a big screen at each. There were a couple of minor technical issues, but thanks to our great tech guys Mat and Paul it worked well. Everyone got to meet new Lions, catch up with friends and enjoy some great presentations, especially from our guest speaker Kevin Biggar. Shows what we can do if we all pull together.

THE STORY OF THE SEA ANCHOR

When it's tough for you it's tough for everybody else. If you can keep on persevering there is an opportunity for you.

We will never forget some of the rules he and his mate adopted to get through tough times. Things to remember to bring teams together.

Our most important goal this year is to get enthusiasm back in our clubs and help our communities get reconnected.

Teamwork and showing the way are keys to getting this to happen.

So let's get excited about being a Lion!

Together we can make this happen.

Let's Just Do It!

Stephen Barr

District Governor 202D

Kevin shared some fascinating insights into taking on challenging projects. His stories from winning the transatlantic rowing race and trekking unsupported to the South Pole kept everyone enthralled.

LIONS SUPER SUMMARY

WHY EVEN CONSIDER A TOUGH GOAL?

Because the best you can do is the best you can do - but to get the best out of yourself you need to

IS YOUR GOAL A RAMP OR STEP?

The more you do the better off you are

THE ENERGY RULE

energy level of the team

THE 3 BASTARDS RULE

Don't believe the first thing that comes into your head about why people do the crazy things they do

FOCUS ON WHAT YOU CAN CONTROL

The headwinds the storms the climate, the economy are a given. What can YOU change? The first thing is

BREAK THE TASK DOWN

The only way to take an a big challenge is to work towards weekly or monthly milestones

CAN YOU REFRAME ADVERSITY? (SEA ANCHOR) Hard for your Tough for everyone else, Opportunity for

www.kevinbiggar.co.nz/lions

...and we are on Contact number two for the new Lions year. Thank you all for the contributions and reports. Great to see the support. There is not much to report. We have had an awesome President's dinner.

Looking forward to receiving articles during the month for the September version. If you have sent something and it did not make it into this edition, please remind me. I have a lot of material to look through and I might have overlooked it.

Keep up the good work you do in your communities.

PRESIDENT'S DINNER

INTERNATIONAL PRESIDENT

Brian Sheehan

AUGUST 2022

Dear Lion,

Growing up in small-town Bird Island, Minnesota, working together is something you learned early. Any time anyone needed help, everybody rolled up their sleeves and got to work. That's why I love being a Lion. Because our home is wherever we serve. And we know that "Together We Can" make our homes, our communities and our world a better place for everyone. And best of all? We get to do it every day.

All over the world, in big cities and small towns everywhere, Lions are doing great things, just like we've done for more than a hundred years. We've helped millions of people, and we're going to help millions more this year by working as a team, thinking outside the box and serving like never before. And we're going to have a lot of fun doing it.

It is an incredible honor to serve as your international president. Let's show the world how together we can accomplish big things.

Make a great day,

Brian Sheehan

International President

Our International President

As part of a four-generation Lions family, international President Brian Sheenan has always had big ideas about service. His life and career have been defined by family, small-town connections and kindness, and a passion for innovation and teamwork as the keys to creating ambitious solutions to the challenges we face.

Follow on Facebook

Together We Can

Each of us can do so much good on our own, but Together We Can make the impossible, possible. Because to accomplish big things, we all need to roll up our sleeves and do our part. And together, we can make our communities—and the world—a better place for all people.

From LCIF Chairperson Douglas X. Alexander

Greetings Lions and Leos!

Welcome to a new Lion Year. I am thrilled to have begun my year as chairperson of Lions Clubs International Foundation (LCIF) during the 104th Annual Convention in Montreal. It was my honor to be onstage when we announced that we had not only met but exceeded our campaign goals – raising more than US\$324 million! I am so proud of what we were able to achieve together throughout this campaign, and look forward to what accomplishments the next year will bring. Let's continue to build on the success of Campaign 100 as LCIF magnifies Lions and Leos impact in the areas of vision, youth, disaster relief, humanitarian efforts, diabetes, childhood cancer, hunger and the environment. As the needs of the world continue to grow, so too does the need to support LCIF. Please join me in keeping the momentum going this year as we serve by doing AND giving together.

Campaign 100 makes Lions history!

Thank you, Lions and Leos! What we achieved through Campaign 100 is nothing short of amazing. Your continued support of LCIF will ensure that your Lion and Leo light shines bright in a world that needs us more than ever! Together, we magnify our good for humanity.

LCIF 202D District co-ordinator up-date for August 2022

July 29th-30th, I attended our District co-ordinators training and orientation in Wellington where I met all the NZ LCIF District co-ordinators from the top of the North Island right down to the bottom of the South Island. It was led by Leo Dans and Jeff Arnett (our constitutional 6@7 area co-ordinator) along with Ron Luxton who serves on the Board of Trustees for Lions Club International.

It has been amazing to learn about LCIF in more detail and get a bigger picture into what our foundation provides. The main thing for me coming away from the workshop is to understand is "HOW CAN WE CATCH THE LCIF HEART OF THE PEOPLE?"

I would like to start by ensuring that we have an LCIF co-ordinator in everyone of our clubs throughout our district. Once this is achieved, I will be very happy to run a LCIF workshop for these co-ordinators to help them understand how the Foundation works. So I am asking that all Club secretaries to please e-mail me at ianandbud@farmside.co.nz to confirm their LCIF co-ordinator by the end of August 31st.

From there I will be able to prepare the information to go out to you all to keep you up to date with LCIF happenings.

To read and view the thousands of impressive projects that have helped improve so many peoples lives around the globe is very empowering. I am looking forward to working alongside you all.

Yours in Lions, Adrienne Christensen

Project Vital

The NZ Approach to Growth

AIMS:

- Re-motivate clubs with fellowship and exciting service
- 2. Revitalize clubs with new members
- Rejuvenate districts with new clubs
- 4. Support and develop club and district leaders

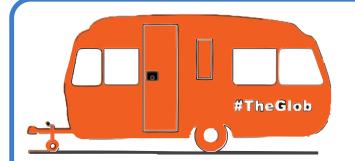

Meet Tupu the Tui

What can we do?

Ideas

- · Let's ask our Lions what they think about their clubs
- · Let's show our communities what we do
- · Lets ask our communities what they need
- · Let's go on a "Lion Hunt Safari"
- · Lions can lead projects without doing all the hard work
- · Lions leadership creates opportunities

Calendar. Free MY HEALTH CHECK site visits with the GLOB caravan.

- Feilding Saleyards mid August
- Calf and lamb days at local schools and finals at Rongotea 8th October
- Health Expo in Opunake on Thursday the 13th of October
- Hunterville Huntaway Festival Shemozzle on 29th October.
- Manawatu and West Coast annual show Manfeild 5th November
- Kimbolton Cross Hills annual fair 19th November
- Ashhurst Pohangina Valley Lions Small Holders Auction 28th January 2023

Lions and partners welcome at any of the above venues for a real My Health check experience.

Lions within 202d please contact any of the Project Planning committee listed below with suggestions and dates that can be considered for including in the My Health

Check calendar.

Finally after 2 years of planning. The National Youth Camp (Camp Taranaki) for 12 to 16 year olds took place last week 10th to 16th July. We ended up with 29 youth and 4 adults from Australia and New Zealand. We started Sunday 10th with a few issues and ended Saturday 16th on a high. The youth had a great week. We started with some team building exercises along with low, high rope course, kiwi swing and some having a go on the bridge swing on day 1. Day 2 was a day for being in the water learning some safety before having a go at a bit of rafting. Some even got to go bush and set up a shelter. Day 3. Treasurer hunt at Pioneer Village and Mountain trek before being host by Eltham Lions and a Lake Rotokare Night Walk. The night walk was the highlight of the day for most. Some got to see a kiwi. Day 4 was Hearing Dogs, Mini Golf, Factory Tour, climbing Paratu Rock and Bowlarama. Day 5 was spent in Hawera. Nowells Lake, climbing Water Tower, and Amazing Race. The Amazing Race, meeting the Mayor and seeing the clear view from top of tower were the highlights of the day. It was great to see so many youth pushing themselves to overcome fears etc throughout the week.

A big thanks to Hawera Mt View for the delicious roast on the first night. It went down really well. Sunday night was some team building exercises, Monday night MD Leo Adviser Wayne Pullen was our guest speaker, Tuesday night the Aussies entertained us. Wednesday was at the Lake. Thursday we did some skits etc and finished Friday on a high with a Disco.

A special thanks to Pauline, Hawera Mt View, Eltham, NP Pakeke for helping with meals. Stratford, Kaponga, Inglewood, NP Central, Normanby & District for supporting our activities during the day. NP Central for assisting with transport to and from airport etc. Hazel and Greame for hosting youth and Wayne. A big thanks to DG Stephen Barr and wife Mary and 1VDG 202M Carol McMillan who attended the dinner and evening on the 10th to open the camp and PDG and COG Chair Megan England for attending the last night in closing the camp.

Last but not least thank you to Huia Brown (Eltham) and Phil Lightbourne (Rongatea) for agreeing to stay at the camp for the week and help run. The Sub committe that spent time helping me to implement the camp and make it a success.

It was so great to finally hold the camp. We have received some great feedback from the youth and from parents after youth had gone home. We have learnt heaps and know what we need to do to improve and make the next camp even better.

YOUTH CAMP

A biker stopped by the local Harley Shop to have his bike fixed. They couldn't do it while he waited, so he said he didn't live far and would just walk home.

On the way home he stopped at the hardware store and bought a bucket and anvil. He then stopped by the feedstore and picked up a couple of chickens and a goose. However, struggling outside the store, he now had a problem -- how to carry all of his purchases home.

While he was scratching his head he was approached by a little old lady who told him she was lost. She asked, "Can you tell me how to get to 1603 Mockingbird Lane?"

The biker said, "Well, as a matter of fact, I live at 1616 Mockingbird Lane. I would walk you home but I can't carry this lot."

The old lady suggested, "Why don't you put the anvil in the bucket. Cary the bucket in one hand, put a chicken under each arm and carry the goose in your other hand?"

"Why thank you very much," he said and proceeded to walk the old girl home. On the way he says "Let's take my short cut and go down this alley. We'll be there in no time."

The little old lady looked him over cautiously then said, "I am a lonely widow without a husband to defend me. How do I know that when we get in the alley you won't hold me up against the wall, pull up my skirt, and have your way with me?"

The biker said, "Holy smokes lady! I am carrying a bucket, an anvil, two chickens, and a goose. How in the world could I possibly hold you up against the wall and do that?"

The lady replied, "Set the goose down, cover him with the bucket, put the anvil on top of the bucket, and I'll hold the chickens."

Mr P

Mr P was a proud and stubborn independent elderly gentleman. He was 72 years old. He lived in his own home in our small town with his small frail wife who had recently developed Alzheimer's disease. When I first took over his care, his wife's condition was manageable at home - which Mr P did with commendable will and enthusiasm. She was looked after by another GP in the town, and I was initially unaware of her medical circumstances.

My first impression was that of a slightly eccentric elderly man who had little time for the medical profession and preferred his own counsel and various OTC';s (over the counter products) which he considered safer and superior to the conventional pharmaceuticals products at that time. He took Devils Claw for his gout.

Over the next 5 years I hardly saw Mr P, but his general condition deteriorated. He developed significant osteoarthritis in most of his large joints, gout and worse of all, increasing angina. He had great difficulty looking after himself and mobility became a daily challenge.: "I had to crawl out of the bathroom." And all the while he was still struggling to care for his increasingly demented wife, despite excellent help from the local district nurses.

Eventually, after many months of discussion and cajoling, I managed to persuade Mr P to allow me to admit his frail wife to a local Geriatric Unit as it was obvious he could no longer cope at home. Initially he was very reluctant, tearful, and adamant he could still look after the lady he had loved so long and who had promised to care for 'for better –or-worse. Finally, a compromise was reached. His wife could go to the Unit on condition that he could visit every day.

Within the next 24 hours, two events happened that were absolutely devastating for Mr P.

His wife suddenly died within 24 hours of admission to the Geriatric Unit. She developed a significant arrhythmia with profound hypotension and arrested before her husband had time to get to the ward. On the same day, his much beloved little terroir dog was run over outside his house and killed.

This was a crushing blow for Mr P. He felt guilty for allowing his wife to go to hospital and had lost a pet that he adored. He seemed to have lost everything he had to live for, and this was compounded by his increasingly frail health.

However, for the next 3 months he seemed to be coping remarkably well. He had started gardening again (something he was very proud of) and his knees were "very good". His only new symptoms were a nagging headache and insomnia, for which he declined any treatment.

Unfortunately, soon after this he developed Herpes zoster, which affected his right forehead and right eye. This resulted in intractable post herpetic neuralgia (severe pain around the eye and forehead) and he was eventually admitted to the Public hospital for pain relief. On his discharge his problem list was listed as:

- 1 Pain syndrome secondary to osteoarthritis
- 2 Constipation
- 3 Post herpetic neuralgia
- 4 Reactive depression.

continued next page....

continued....

He was noted by the discharging house-surgeon to be "an elderly man sinking into a preoccupation with pain and moving slowly". He was discharged without anti-depressants. However, he did attend an occupational therapy programme at the local geriatric unit (the same unit where his wife had died) where his notes said, "mood low but improving".

I visited him 2 weeks after his discharge. His pain was "no better" and he was not sleeping. He had also become very frail and lost a great deal of weight. I thought he was significantly depressed (even though he denied this), gave him a script for an anti-depressant, and promised another visit and review in a week.

That was the last time I saw Mr P alive.

Before my next visit, and exactly one year to the day following the death of his wife and his dog, Mr P hung himself in his garden.

I have thought long and hard about these tragic turns of events and how, in any way, I could have change the finally outcome.

For a start, he had every right to insist on caring for his demented wife. He loved her so much that initially her cares for her ADL's were an act of love an

Not seen as an onerous task. With the inevitable decline of illness, this dedication to duties would have become both physically and mentally hard to accept.

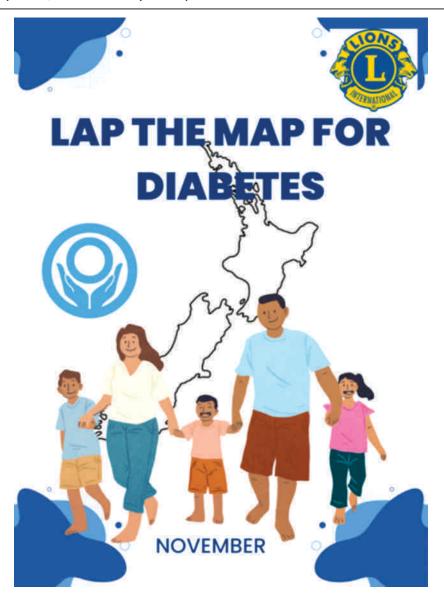

He would have blamed himself completely for his wife death on transfer to the unit. Such sudden deaths are common at this time with demented patients (I had not realised this danger) and he would have accepted all the guilt of allowing this transfer. Finally, he was left to cope with the horror, loneliness and inevitable reactive depression of her los. Even though I had recognised this and that he had been to counselling at the local mental health clinic, his ability to cope with life without his partner and his failing health proved too much to cope with.

Mr P's final flight was really a one way trip. His plane was old, it was worn out, and had little in the way of modern navigational aides. He had lost his compass, his maps were out of date, and there were no radio control tower staff to show him the way.

This story still haunts me, even though it was written 30 years ago. It taught me how

This story still haunts me, even though it was written 30 years ago. It taught me how easy it is to miss the signs of depression. It also taught me the importance of anniversaries.

I have not much to tell you, except Kaponga have made two sales of aluminium and raised \$681.10 for Kidney Kids, excellent aye. Daphne

This World Diabetes Month, November 2022, we are calling all New Zealanders to 'Lap the Map' for diabetes prevention. Can you help us walk a combined distance surpassing the perimeter of the New Zealand coastline (15,000km).

Lions Clubs across the country are encouraged to host family friendly walks and community events to promote a healthy lifestyle and raise awareness of diabetes in New Zealand.

It doesn't matter how far you walk or run, it's about being involved, getting active and moving together.

All funds raised will go towards diabetes awareness and prevention.

Clubs can check out ideas and resources from https://www.lionsclubs.org.nz/services/diabetes which are being progressively updated.

Spectacles can be sent to any one of the following:

Eyeglass Recycling – How You Can Help

In just about any home, one can find a pair of eyeglasses that are no longer being used. That same pair of eyeglasses can change another person's life. That's why the Lions started the Recycle For Sight program. Everyone can help.

If you have used eyeglasses you no longer need, you can donate them now. Lions accept prescription and reading glasses, sunglasses and plastic and metal frames. Children's glasses are especially needed.

Lions Clubs throughout New Zealand collect these unwanted spectacles and send them to our processing centres where they are sorted, checked for scratches, cracks and screws tightened before being washed in an ultrasonic washer and dried. They then have their prescription recorded and are packed for delivery to Volunteer Ophthalmologist Services Overseas (VOSO) for distribution to those with poor eyesight in the Pacific Islands.

Type 2 Diabetes is common in the Islands and is the main cause of blindness. Lions Clubs in the Islands receive the glasses and distribute them to visiting volunteer Optometrists who test patients and fit them with the recycled glasses at no cost.

VOSO consists of teams of eye surgeons, optometrists and eye care workers who visit the isolated communities and bring enhancement to the lives of hundreds of people annually. The project has provided over 80,000 pairs of glasses which would have a replacement value in excess of \$15 million.

Sunglasses are also a useable item for the Islands particularly after cataract operations. Transporting the glasses to the Islands is always a problem so any way to help is appreciated. Some firms have spare room in their containers and are happy to help. Some travellers take a few boxes up as personal luggage.

We need your help!

We believe every child who has been through their own cancer journey should have the opportunity to come to Camp Quality. We're concerned that we're not hearing about all the children who are eligible to have this experience. You may know of children in your local area, and we'd love to talk to them and their whānau.

Who are we looking for?

Wellington Central Districts covers children living in the lower North Island - from Wellington, up to Taranaki and across to the Hawkes Bay. We take referrals of children living in this area who have experienced cancer and are aged 5-13 years.

Working with our medical team, we will need to ensure they are well enough to safely attend camp . But, if you're not sure, please refer them to us anyway. We have other ways that we can support them until they are able to come to Camp Quality summer camp.

What can they expect?

When a child attends camp with us, they will enjoy a 6 day summer camp in January. Our camp programmes provide a stress-free and caring environment for children where fun and friendship are combined with achievable challenges - allowing the children to "just be kids". They get a sense of normality and independence and focus on the positive aspects of their lives rather than hospitals and treatments.

They'll be paired one-on-one with a trained adult companion, who will be their buddy for the length of camp - helping them make the most of the activities on offer while having fun and keeping safe. Our nursing team takes care of their medical needs, and our programme team makes sure they have a fun time.

Families can find out more on our website - www.campquality.org.nz.

How can you connect them to us?

If you know a whānau who is interested in referring their child - please ask them to email their details to us at camper.central@campquality.org.nz or call Megan on 021 1428161.

Families can also self-refer via our website.

We'd love to talk to them about camp and what it might mean for their child.

July GST Report.

Spring has sprung, focus on fun!!! While it's cold and wet outside create your own sunshine on the inside.

Reminders for this month; please make sure you submit your application for the Club Excellence award. Kindness Matter Service award applications are due in by the 15th of August.

August is also Daffodil Day for a lot of Clubs. Please be sure to take plenty of photos of you out and about.

Wig it up for Child Cancer in September. Please check out this link for some fun ideas https://wigwednesday.org.nz/resources. Wednesday 7th of September is the 'official' day, but feel free to use whichever day suits you better.

Coming up in November is Lap the Map for Diabetes awareness. Start planning now to see how your Club can contribute to our combined goal of 15000 kilometres (the circumference of New Zealand). Watch this space for more information.

Please remember to share your service projects. Don't be shy. Be very proud of what you do and make sure you let everyone know. Facebook is a very quick and easy way to show and tell what you are up to in your community.

Don't forget to do your reporting on My Lion. Sing out if you need help with this.

202D GLT Cabinet Report

July 2022

It would be good to see a GLT Coordinator at each club to liaise with the District & MD GLT. Ideally that person would be the club vice president.

Role of the club GLT: As GLT club leadership development chairperson, you will bring Melvin Jones' dream to life – that a Lion or Leo can meet every need. By ensuring members develop the skills needed to be effective leaders, you will ensure your club has strong leadership to serve your community and the world. You will impact lives!

There are Zoom workshops coming up that may be of interest to all members:

7th August 1-3pm: How to set up a Leos Club Zoom.

For any club thinking they might like to set up a Leos club and would like ideas on how to do this.

14th August 1-3pm: Service Post COVID.

Aimed at supporting clubs moving forward after lockdown, giving them ideas, and focus.

11th September 1-3pm: Marketing and Promotion of Leos and Lions.

Planning with a professional marketer and experienced Lions, who have had successful marketing experiences

18th September 1-3pm: The role of a Leo Advisor.

This session aims at clarifying the role of the Leo advisor and how this works.

All workshop invites are available by registering interest at 202.glt@lionsclubs.org.nz

TOKO AND DISTRICTS CHANGEOVER

Little Italian Boy Goes to Confession

Bless me Father, for I have sinned. I have been with a loose woman.

The priest asks, Is that you, little Johnny Parisi? Yes, Father, it is.

And who was the woman you were with?

I can't tell you, Father. I don't want to ruin her reputation.

Well, Johnny, I'm sure to find out her name sooner or later, so you may as well tell me now.

Was it Tina Minetti? I cannot say.

Was it Teresa Volpe? I'll never tell.

Was it Nina Capelli? I'm sorry, but I cannot name her.

Was it Cathy Piriano? My lips are sealed.

Was it Rosa Di Angelo, then? Please, Father, I cannot tell you.

The priest sighs in frustration.

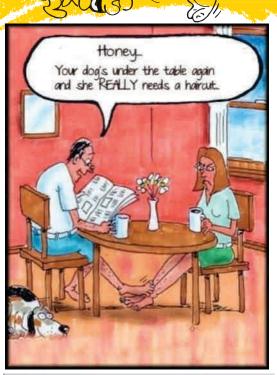

You're very tight lipped, Johnny Parisi, and I admire that. But you've sinned and have to atone. You cannot be an altar boy now for 4 months.

Now you go and behave yourself.

Johnny walks back to his pew, and his friend Nino slides over and whispers, What'd you get? Four months vacation and five good leads.

Rongotea Lions Report

Rongotea Lions Baleage Auction- Donations

We are pleased to publish the end result of our very successful auction held in early April this year. Without the support of farmers, who donated over 300 bales for auction, as well as other businesses and donors, we would not have been able to raise the amount of money we have donated to the 7 local schools and the Palmerston North Rescue helicopter service. Each school, along with the rescue helicopter service, all received \$3100. From all accounts, the schools were extremely pleased to receive this donation, as were the personnel at the helicopter base.

New leadership team inductions.

Rongotea Lions and their wives & partners recently enjoyed fellowship and a delicious dinner at the Feilding Golf Clubrooms, for their 2022/23 changeover function. PDG Roger Malthus carried out the changeover duties. We welcomed our new leadership team who will guide us over the next year. Our new President is Neal Duff, our 1st Vice President is Nick Walkley, 2nd VP is Andrew Higgs and our 3rd VP is Edgar Caballero. They are all keen to put some new ideas, projects, activities and membership initiatives to Lions in our club, and we wish them all the best for the coming year. We also extend a huge thank you to Past President Richard Pedley who has led our club over the past year. It hasn't always been easy for Richard, due to Covid 19 interruptions causing a few cancelled projects and

social activities, but Richard has led our club capably throughout the year. Several special awards were presented at the function, including a President's Appreciation Award for Graham Lavin for proposing and organising the baleage project, and Lloyd Morgan Life Membership awards to Jimmy Vallender and Phil Lightbourne for their excellent contributions to Lionism.

Foxton Te Awahou Lions Club Changeover

In June we restarted Leos after a 'Covid break' visiting Pete Gifford at the K9 Medical Detection Centre. It was very educational, he is a very interesting and engaging speaker (yes he has dogs and puppies on site!

Kairanga Lions Club

On Monday June 27th the Inglewood Lions held their Change over night. Lion Pat Julian who is one of our Charter members inducted Dennis Dravitzki in as President and the rest of the Board members for the 2022-2023 year. Past President James Oakes passed over the Lion to Dennis for him to look after this coming year while in office.
