FROM THE DISTRICT GOVERNOR’S DESK

“TOGETHER WE ROAR – THE MIGHTY 202M”

Hello to the Lions of the Mighty 202M,

It’s an absolute honour to introduce myself as your new District Governor for 2025–2026.

My name is **Leon Downes**, and I am both proud and humbled to step into this role, knowing the incredible footsteps I follow and the powerful pride of the Lions that stand behind me.

Joining me on this journey is my amazing wife Liz, who has been a constant source of support, strength, and encouragement throughout my Lions journey.

We both look forward to connecting with many of you over the coming year as we travel across the district, celebrate your successes, and support your service.

Firstly, I want to extend a heartfelt **thank you to our outgoing District Governor and Cabinet**. Your hard work over the past year has helped shape stronger clubs, inspired service in every corner of our district, and continued to grow the legacy of Lions in Aotearoa New Zealand.

The energy, commitment, and compassion you brought to your roles have laid a solid foundation for us to build on.

To the Lions Clubs across the Mighty 202M – from **Wellington to Gisborne and everywhere in between** – thank you for your tireless work in your communities. Whether it's raising funds for local needs, running youth programs, or stepping up during emergencies, your service continues to make a real difference. You embody what it means to be Lions: **where there's a need, there's a Lion**.

I also want to warmly **welcome our new Cabinet members**, Club Presidents, Directors, and of course, every one of our valued Lions and Leos members. Thank you for stepping up, saying yes, and bringing your skills and passion to the table. The year ahead holds challenges – but also great opportunities. We'll be focusing on **membership growth, community impact, leadership development, and building strong, connected clubs**.

A special **thank you to everyone who attended the Presidents' Luncheon on Saturday, 26 July** – Presidents, Club members, partners, PDGs, and supporters. It was a wonderful day filled with inspiration, connection, and pride in what we do.

We were privileged to hear from **Bill Day**, who shared his powerful story of service and his work on the **Playscape Project at Wellington Children's Hospital**. We were also deeply moved by **Robert Hunt**, who won the International Lions Peace Essay Contest – hearing him read his winning essay was incredibly touching; I don't believe there was a dry eye in the room.

One of the day's most memorable moments was presenting a cheque to **Sebastian from Life Flight Trust** for a **staggering half a million dollars**.

Yes, you read that right – **\$500,000!**

This phenomenal achievement is a true testament to the dedication and generosity of our clubs. A massive thank you to all the clubs who contributed – your hard work has made a real difference and saved lives.

Sadly, the day was also marked by **tragic news** – we learned **that President John Rose of the Carterton Lions Club** passed away while travelling to attend the luncheon. Our thoughts, love, and condolences go out to John's family, friends, and fellow Lions. His commitment to Lionism will not be forgotten.

As we now move into the Lions year ahead, let's stand proud of where we've come from and look forward with courage to where we're going. Let's continue to grow, serve, and lead – side by side – as the Mighty 202M.

Yours in Lionism,

Leon Downes

District Governor 202M 2025–2026

Mighty to the Core – Roaring for More

MENTAL HEALTH AND WELL BEING

IPDG Anne Richardson:

All around the world, mental health and wellbeing is a growing need affecting our communities. Did you know that volunteering can help alleviate symptoms of depression and anxiety?

Did you know that Lions Clubs around the war-torn areas in Europe are working tirelessly to help displaced families. By doing so they are also helping alleviate symptoms of depression and anxiety contributing to the mental health and well-being of those people.

In our own District M, there are many areas that we could target to help with kindness, service, or fundraising.

Wellbeing. But what exactly is *wellbeing*? It is made up of several areas:

- **Physical** – our overall health.
- **Mental** – mood, self-esteem, and ability to cope with stress
- **Social** – relationships and support.
- **Emotional** – how we manage and understand our feelings.

This cause has been added to our global list of causes.

We have a proposal from The Wellington Hospitals Foundation seeking funding for the purchase of a number of Sensory Modulation Kits for use within the Mental Health Service of the Wellington Hospital Foundation. At cabinet level we have agreed to investigate further.

If any Club or Lions want more information or ideas of how they can help or promote awareness please contact Anne.

2025-2026 EXCELLENCE AWARD UPDATES

These prestigious awards are available at four levels—**club, zone, region and district.**

Clubs must earn a **Club Excellence Award as a prerequisite for Excellence Awards at the zone, region and district level.**

Applications will not be necessary for the 2025-2026 award cycle.

Awards will be distributed by Lions International to clubs that meet the updated criteria and eligibility requirements. You will find these listed below.

Club Excellence Award criteria

The Club Excellence Award acknowledges the dedication and legacy of service within individual clubs and is the foundation for excellence awards presented to Zone Chairpersons, Region Chairpersons and District Governors.

- Or sponsor a new Lions club.

DISTRICT 202M AWARDS

PDG Rex Bullard explains:

There are two broad categories of awards: those made at our District 202M level, and a lesser number from our Multiple District and from Lions Clubs International.

District 202M Awards are made at the 202M Convention each year to recognise Clubs for their contribution over the Lions year preceding the Convention.

Awards may be applied for by – clubs, Zone Chairs, or an individual Lion.

Application must be submitted in writing to 202M.LCIF@lionsclubs.org.nz by 31 September each year.

General Considerations:

- A project can be considered for one or more award categories. However, once recognised with an award, that project will not be considered in any other categories.
- A project which has previously been recognised with an award, will have an automatic 5 year stand down period before it can be considered again (only applies to ongoing and/or long-standing club projects).
- Where a District Award can be submitted for a Multiple District Award the criteria will be the same as for the Multiple District Award and submissions should be of a standard for the District winner to be forwarded directly to the Multiple District for consideration.
- Criteria for Multiple District and District Awards are on our Lions website.

www.lionsclubs.org.nz/members/awards

- All applications for any District Award must be accompanied by a completed application which can be found at [MULTIPLE DISTRICT 202 AWARDS ENTRY FORM - 8.22.pdf](#) (lionsclubs.org.nz)

- The decision of the Immediate Past District Governor is final, and no correspondence will be entered into.
- The following table sets out in three columns: What the award is for. The criteria for judging, and our 2024/2025 Winners

MARCOM UPDATE JULY 2025

PDG Rex Bullard:

"Lions is the best kept secret in our communities."

Marketing can help raise the visibility of your club and achieve even better results for the great things that your club is already doing. So, whether your club is recruiting new members, promoting a project or a fundraiser, or even just sharing an incredible story, marketing can help shine a light on your club's activities and service.

Our Brand:

Our brand/logo is an important aspect of all our marketing. We need to ensure that we only use the Lions Logo which has been in use for over 15 years now. Using the old Lions Logo leads to confusion with the public.

	Primary Usage	Brand Notes
 Lions International	Use in all instances except for the exclusions noted below.	The brand we use to speak to Lions and the world.
 Lions Clubs International	Use for all Lions internal governance and legislative advocacy efforts	Creating awareness for Lions, projects or service causes is not considered legislative advocacy, so Lions International should be used.
 Lions Clubs International FOUNDATION	Use for programs, communications and campaigns focused exclusively on LCIF fundraising and grants	LCIF updates, programs and success stories can be shared under the Lions International brand when LCIF is clearly mentioned. 6 Brand Messaging and Style Guide Calls to donate to LCIF can be included as a secondary message in other communications using the Lions International brand (ex. newsletters)

MJF and PMJF applications:

I encourage all clubs to contribute to LCIF on a regular basis, even if it is as little as \$10 per member. To be eligible for a Club Excellence Award from LCI clubs must have contributed US\$ 20.00 per member in that Lions year. A Melvin Jones award is the highest recognition that a club can make to a Lion who has given outstanding service to their community. Contributions can be accumulated over several years, if required. Your club should plan to present a Melvin Jones Award regularly to recognise contributions by members.

The New Presidential LCIF Supporter Pins are available to recognise International President A.P Singh. ALL ABOUT MEMBERSHIP**Tanya Leyland 202M Membership Chair**

Having spent a delightful afternoon at the President's Lunch, I thought it timely to talk about two three-letter words – TRY and ASK.

DG Leon chose to TRY something different—a lunch event instead of dinner. After a delicious meal, we heard from three inspiring speakers. Unlike previous events, this one focused entirely on guest speakers.

It's good for Presidents to learn about Cabinet portfolios, but we also need time for celebration and interaction.

With 22 of 35 clubs south of Woodville, a central location made sense—most were within three hours travel. Something to consider for future events.

To all who attended—thank you! Some repeat Presidents may have hesitated, but you gave it a TRY, and I hope you enjoyed it. I certainly did.

As the new Lions year begins, let's TRY looking at membership and projects differently. ASK how we can improve or stop things that aren't working. TRY new ideas. ASK your community what they need. Instead of just inviting potential members to a meeting, ASK them to join a project—hands-on. Involve them in planning before attending meetings.

We must TRY new approaches to attract and retain members. ASK your club for ideas—every idea starts conversation and connection.

Sadly, during DG Anne's year we lost 109 members but gained 75, ending with 807—down 34 from 1 July.

DG Leon begins with 807 members. Let's aim to grow and retain more. Had we kept just half the 109 lost, we'd be in a stronger position to serve.

So, let's use those two little words—TRY and ASK—with passion, and help 202M become Mighty!

WE SNEAK IN A CHUCKLE

The Genie and the Kiwi

A Kiwi bloke finds an old lamp while tramping in the bush. He gives it a rub and out pops a genie.

"You have one wish," says the genie.

The Kiwi thinks and says, "I want a bridge from New Zealand to Australia so I can drive over whenever I want."

The genie sighs, "Mate, that's a massive engineering feat. Think of the concrete, the depth of the ocean, the environmental impact... Can you wish for something else?"

The Kiwi nods. "Alright then. I want to understand women."

The genie pauses, then says, "So... how many lanes do you want on that bridge?"
